

RECRUITMENT EVENT WITH:

Join Us And Discover The Career That Will Change Your Life!

Appliance Master is an industry leader. Our dedication to constantly improving operating systems and investing in our people has resulted in significant growth and excitement among our staff. Dedicated to the highest standards, our technicians and office staff are among the best trained professionals in the industry. We service a wide variety of residential, light commercial and professional equipment.

Hiring for: Field Service Technician Trainees Openings Throughout New Jersey

This is an exciting and lucrative full-time entry-level technical career opportunity. Qualified candidates will receive a minimum of 80 hours of classroom and hands-on training. The starting hourly rate is \$15.00. Successful trainees have earned as much as \$30.00 per hour in less than one year. Field training continues with the oversight of a mentor. You will be trained in the fundamentals of electricity, wiring schematics, basic refrigeration and a variety of mechanical systems. You will also be trained in the use of our company software to facilitate the repair process and to consistently deliver extremely high quality service standards. This is a life-long career opportunity with continued education and growth potential.

After successfully completing the basic training, technicians are dispatched directly to job sites from their homes with the aid of company supplied iPads, software, vehicles and uniforms. The candidate must supply their own hand tools.
